Objet : Approval to carry-out Synchronous distance learning for theoretical training

Madam, Sir,

I, Pascal de Ronne, Deputy Manager Department Training Organizations and Licensing, hereby confirm, on behalf of OSAC (Civil Aviation Safety Organization), that Aero Ground Training (AGT), a Part 147 type rating training organization under approval number FR.147.0049, is approved by the French civil aviation authority to conduct theoretical training using synchronous distance learning as defined in the Acceptable Means of Compliance (AMC) and Guidance Material (GM) to Annex IV (Part-147) to Commission Regulation (EU) No 1321/2014 Issue 2 — Amendment 2.

This method of delivering theoretical training in a virtual controlled environment has been assessed and is accepted as per Paragraph 3.1 (f) of Appendix III to Annex III (Part-66).

This special approval has been issued on the 03/04/2020 and will remain in force until the end of the confinement due to COVID-19 pandemic.

You can contact me by email or phone if you need more information in regards to this approval.

For OSAC,

Pascal de Ronne
Deputy Manager Department Training
Organizations and Licensing
